Well, its wintertime and that means that it's time to go camping. This will be our usual camping trip in Yosemite. I would like to express my excitement and joy over our planning for this year's Winter Camp. Winter camping can be fun and exciting, but it requires a little more attention to detail than in the summer. It is obvious that the elements are more of a factor; **therefore, it is important to read all the instructions in this packet and to attend the meeting on the 16<sup>th</sup> of February at 6 pm via Zoom.** If you have questions, please contact Joelle Piercy at (925) 458-9100 ext. 150 or email at [joelle@thebay.church](mailto:joelle@thebay.church).

## CAMPSITE:

We will be camping at the Upper Pines Campground in Yosemite National Park. This site offers hot showers, sinks for washing, fire pits, BBQ pits and lockable food storage. In addition, we will be very close to Yosemite's information center and a General Store due to the fact that most of our men and boys lack experience in winter camping. This is one of the reasons we chose this site.

## EVENTS:

Our men and boys will experience the awesome beauty of Yosemite. It truly is one of God's most beautiful creations. Events will include our Annual Yosemite Adventure Race, ice skating, Ranger games, evening services, and council fires plus possibly a history and nature talk with one of the parks knowledgeable Rangers.

## SCHEDULE:

**Thursday Night, 2/16/23:** Parent meeting with leadership via Zoom at 6pm.

**Friday, 2/24/23:** Travel to Yosemite, stow gear and enjoy camp, activities, games and evening service.

**Saturday, 2/25/23:** Adventure Race, camp events, games and Fire side evening service.

**Sunday, 2/26/23:** Morning devotion, pack up and return home.

## COST:

**\$100.00** per person includes all meals at camp, transportation, camp fees, etc. **Camp payment is due Thursday, 2/23/23.** Registration is required.

## CLOTHING:

What you wear in cold weather is very important. What you want to keep in mind is what an outdoorsman refers to as layering. This simply is wearing layer upon layer of clothing to keep you warm. I hope you don't feel that you have to spend a lot of money on clothes, you don't.

**You might be able to rent snow clothes and boots.** Wool is an excellent material, plus there are a variety of synthetic materials to choose from. Cotton will also work using the layering system. If there is only one thing that you can spend money on, spend it on a pair of boots (leather boots, snow boots, PAC boots).

## ADULT REQUIREMENTS:

All adults attending camp must be fingerprinted for DOJ and FBI, be background checked by our 3-party vendor, Protect My Ministry, and take our Mandated Reporter training prior to departure. You will be notified what you need to complete prior to departure.
